10 **JULY 2020 STATUS REPORT ON TRIAL COURT CASE**

11 Appellants submit this updated report to further comply with the Court's
12 May 5, 2020 Notice to file monthly status reports. Appellees last status report was
13 on June 12, 2020, when they filed a Report on Finality of Judgment and Motion
14 for Extension of Time to File Statement of Points on Appeal and Designation of
15 Transcript. In that June 12 report, Appellees recited that their post-judgment
16 motions had been denied, that there was now an effective final judgment in the
17 trial court, and that they understood that their "previously deemed lodged notice of
18 appeal is now effectively on file with this Court." Appellants further moved for
19 extension of time, to July 13, 2020, to file their Statement of Points on Appeal and

1 Designation of Transcript. On June 15, Appellees opposed Appellants' motion for
2 extension of time. This Court granted Appellants' motion on June 19, 2020.

3
4 As for any ongoing trial court proceedings, Appellants stated in footnote 2
5 of their Report on Finality that "Civil Rule 79 cost bills and Appellants' motion to
6 suspend the judgment's injunctive relief pursuant to Civil Rule 62(c) are pending
7 before the Superior Court, but those bills and motion do not affect the finality of
8 the judgment, which was established when Appellants' Motion to Alter and
9 Amend was denied on June 11, 2020. See App. R. 204(a)(3). Appellants' motion
10 to suspend the injunctive relief is set for hearing on June 16, 2020."

11
12 Those cost bills and motion to suspend are still pending before the trial
13 court. The hearing on the motion to suspend was held on June 16, but, to date, no
14 order has been issued on that motion.
